

WILD TSAVO | FACT SHEET

An aerial photograph showing a sandy riverbank. Two people are sitting on a red and black patterned mat on the sand. The mat is positioned near the edge of a dark river. The sand is covered in numerous footprints and some small green plants. The overall scene is a peaceful outdoor setting by a river.

Wild Tsavo is a six-bedroom riverside sanctuary set on the banks of the Galana River, within a private wildlife conservancy and proudly part of Collection in the Wild. Built in a warm Moroccan style that rises from the red earth, the house blends beauty with soul, offering expansive indoor–outdoor living, a sweeping swimming pool, shaded verandahs, a sundowner deck overlooking the river, and a secluded spa tent for deep rest. Designed for families and friends seeking space, stillness and connection to nature, Wild Tsavo is the perfect wilderness complement to a Mara safari or a journey onward to the coast—where raw landscapes meet thoughtful design, and every stay supports conservation and community through purposeful, low-impact travel.

The Collection in the Wild is a group of family owned properties offering utterly unique experiences in Kenya. Grown through an inspiring story of hope, growth and progress, from re-wilding farmland to thriving conservation.

Wild Tsavo offers a seamless Beyond the Wild journey — time to unwind in a different expression of the African safari: wilder, more elemental, and beautifully private, without ever leaving our values behind. Created with love, care and deep respect for the land, it invites you to slow down, breathe out, and experience Tsavo in your own space. Days unfold at your rhythm—shared meals, quiet swims, long walks and golden sunsets—within a house that feels deeply personal and timeless. Built with such love, care and style by an extraordinary couple, we are honoured to try and carry on their legacy in this remarkable landscape.
