

WILD FOREST CAMP | FACT SHEET

Wild Forest Camp offers a soulful, under-canvas safari experience in the unspoilt Ol Chorro Conservancy.

The camp is tucked into a forest grove of Euclea trees, surrounded by birdsong and giving it a real sense of privacy and seclusion. As soon as you emerge from the forest, a sweep of open savannah unfolds before you, with Balanite trees dotting the horizon. It's a phenomenal sight particularly at sunset. The area boasts superb wildlife viewing in a peaceful setting - with only a couple of safari properties on Ol Chorro, it is never crowded.

There are nine luxury tents tucked into the trees, each with an ensuite bathroom with shower, flush loo and brass basins. The central lounge and dining tent offers a cosy space to unwind, gathering around the fireplace on cool evenings and sharing tales of the day's adventures. A secluded spa tent offers space to unwind amongst the sounds of nature. Guests can spend days exploring on any combination of game-drives, on foot or on horseback - making it an ideal spot for active travellers.

The Collection in the Wild is a group of family owned properties offering utterly unique experiences in Kenya. Grown through an inspiring story of hope, growth and progress, from re-wilding farmland to thriving conservation.
